

TAMRON[®] presents

PHOTO WORKSHOP SERIES 2008

**TRY OUT TAMRON'S
NEWEST PRODUCTS!**

AF28-300mm XR Di VC F/3.5-6.3 Macro
Equipped with an anti-shake mechanism called VC (*Vibration Compensation*) that lets you take blur-free hand-held pictures at slower than normal shutter speeds.

Here's your chance to get your hands on Tamron's latest line-up of Di and Di-II lenses. We will have a full range of lenses for you to borrow during the in-the-field session.

CT Audubon Coastal Center

Milford, Connecticut — August 8 & 9, 2008

James Shadle

Your Instructor is James Shadle who is an international award winning nature and wildlife photographer and Florida Master Naturalist. As a Florida Master Naturalist, James is qualified to teach you about your subject as well as the technical skills needed to photograph it beautifully.

CT Audubon Coastal Center's goal is to promote awareness of Long Island Sound's ecosystem, the birds and habitats it supports and to foster their preservation. Against a backdrop of a picturesque beachfront and thriving wildlife habitats, Connecticut Audubon's Coastal Center at Milford Point offers a special window onto one of CT's most precious natural resources -- Long Island Sound.
