

**TAMRON**<sup>®</sup> presents

# PHOTO WORKSHOP SERIES 2008

**TRY OUT TAMRON'S  
NEWEST PRODUCTS!**

**AF28-300mm XR Di VC F/3.5-6.3 Macro**

Equipped with an anti-shake mechanism called VC (*Vibration Compensation*) that lets you take blur-free hand-held pictures at slower than normal shutter speeds.

Here's your chance to get your hands on Tamron's latest line-up of Di and Di-II lenses. We will have a full range of lenses for you to borrow during the in-the-field session.

## Bastrop County Project

Bastrop County, Texas — May 9 & 10, 2008

Don Gale

Your Instructor is Don Gale who is an award-winning photographer. He has earned national recognition for his work. Don has conducted photographic workshops, seminars and classes at some of the most beautiful locations in the world.

The location for this workshop is the Bastrop County Project.

In 1996, photographer Randy Kerr purchased forested land in Bastrop County, Texas and created a one-of-a-kind photographic environment. When photographers come to B.C.P. Light Camp events they learn the Westway Method and play the Game of Light. The B.C.P. was the filming location site for the Telly Award winning instructional DVD titled, "The Westway Method of Photography."
